NOTIFICATION.

For St. George, June 7, 1926.

(G.O. No. 461, Finance [Subject]).

No. 78.—In his review on the Appropriation Report on the account of the Madras Presidency for 1924-25, the Auditor-General has indicated the following remarks:—

"The Appropriation Report shows that there was savings in all the grants except two from the amounts voted by the Legislature as notified by appropriations sanctioned by other competent authorities. The total savings amounted to Rs. 18 lakhs of which Rs. 6 lakhs only were surrendered and taken to reserve. The large amount of the difference tends to show that the disbursement of appropriations was not fully rendered in all cases."

The Public Accounts Committee in paragraph 14 of its Report expresses the hope that efforts will be improved by the effect of departmental control of expenditure introduced on 1st April 1925.

2. The Government invite the attention of all heads of departments and disbursing officers to the above remarks and desire them to exercise care savings in their appropriations in accordance with the instructions laid down in paragraph 47 of the Madras Budget Manual.

G. V. BOWEN,
Secretary to Government

Port St. George, May 14, 1926
(P.O. No. 465, *General*).

No. 52.—Under the note to paragraph 78 of the Budget Manual the 1st March in each year will be the latest date for the receipt by Government in the Finance Department of applications for additional appropriations and applications received after that date will not be considered by Government. It is, however, essential that all estimates after appropriations should, if possible, be requested before the close of the fiscal year, and that any excess which comes to the notice of an estimating officer after the 1st March should at once be reported to Government. The note to paragraph 78 of the Budget Manual will be amended accordingly.

2. Paragraph 77 of the Budget Manual requires that all applications for re-appropriations should be submitted by the chief controlling officer through the Accountant-General to the administrative department of Government. It has been brought to the notice of the Government that, under paragraphs 260-262 of the Audit Code, the Accountant-General is required only to audit the orders of appropriations and re-appropriations, and that there is no necessity to require him to advise on all proposals for re-appropriations. With the introduction of the scheme for the control of expenditure, a chief controlling officer should be in a position to know the modified appropriations, the actual expenditure to date and the probable expenditure during the remaining period of the year and he should take the responsibility for the correctness of the figures entered in the re-appropriation statements. Proposals for re-appropriations will therefore be submitted in future to the administrative department of Government direct and not through the Accountant-General. The Accountant-General's advice will of course be available if special cases of doubt or difficulty are referred to him.

3. The following amendments to the Budget Manual are issued:—

Paragraph 73.—Sub-define the following for the note to this paragraph:—

Note—The 1st March in each year should be considered as the latest date for the receipt by Government in the Finance Department of applications for additional appropriations to cover the expenditure in the year and estimating officers should advise to this date. But as it is necessary that every excess over appropriation should, if possible, be reported before the close of the fiscal year, any excess discovered after the 1st March should at once be reported to Government with a full explanation why it could not have been anticipated.

Paragraph 77.—Delete the words "through the Accountant-General" in the second sentence.

Port St. George, May 14, 1926
(P.O. No. 465, *General*).

No. 53.—The following amendments are issued to Annexure II of the Fundamental Rules and the Subsidiary Rules of the Madras Government:—

I. Part I.—The following shall be substituted for rule 1:—

"The leave account required by Fundamental Rule 76 shall be maintained in F.R. Form No. 9 or in F.R. Form No. 9-A, according as the Government servant concerned is subject to the Special Leave Rules or the Ordinary Leave Rules."

II. Part IV.—The heading of F.R. Form No. 9 shall be altered to 'F.R. Form No. 9 (Special Leave Rules)'.
III. Part IV.—After 'F.R. Form No. 9' and 'Instructions' shall be inserted 'F.R. Form No. 9-A (Ordinary Leave Rules)' and 'Instructions for filling up F.R. Form No. 9-A,' which are annexed to these proceedings.

2. The Government direct that the new form, viz., F.R. Form No. 9-A, in which the leave account of Government servants (both sanctioned and non-sanctioned) subject to ordinary leave rules should be maintained, be printed separately on paper of foolscap size. In the case of existing Government servants, the leave account already maintained will have to be re-written in the revised form.

3. Copies of the new form will be supplied by the Superintendent of Stationery free of cost:—

(1) to heads of departments and officers for use in the case of existing non-sanctioned Government servants in their employ for whom service registers have already been opened; and

(2) to heads of departments and offices, along with the service registers now in stock in which the old leave account form is embodied.

4. In the service registers to be printed hereafter the old leave account form should be embodied and the registers issued with the leave account in the new form printed separately, the cost of the service book and the form being recovered from the non-sanctioned Government servants concerned.

5. Officers of the Central Government who use service registers of the local Government will be supplied by the Superintendent of Stationery on payment with copies of the service registers and the new form.

6. Subsidiary instructions for writing up the leave account in the new form will be issued by the Accountant-General.

3. The candidate's height will be measured as follows.—He will stand on a stool and be placed against the standard with his feet together and the weight thrown on the back and not on the toes or sides of the feet. He will stand erect without squaring, and with the back, arms, hands and shoulders touching the standard; the arm will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. In the Indian Police Force a minimum height of 5 feet 4 inches is required, but in other departments no fixed limit of height is enforced.

4. The candidate's chest will be measured as follows.—He will be made to stand erect with his feet together, and to relax his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angle of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches, 10-16, 16-20, etc.

In recording the measurements, fractions of less than 4 inch should not be noted.

5. The candidate will also be weighed, and his weight recorded in pounds. Fractions of a pound should not be noted.

6. Note.—Special rules apply to Railway Services, Police, Royal Indian Marine.

(A) The examination for obtaining the certificate of fitness includes two tests, one for distant vision and the other for near vision. In the first test the candidate will be asked to read distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision which will be used for the purpose in the examination of a candidate are as follows:—

STANDARD I.

Right eye	Left eye
Distant vision—Y=6.6.	Y=6.6.
Near vision—R=6.6.	R=6.6.

STANDARD II.

Right eye	Left eye
Distant vision—Y=6.6.	Y=6.6.
Near vision—R=6.6.	R=6.6.

(8) Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

(9) The degree of retention of vision of all candidates for appointment will be tested in the proceedings in the following manner:—

V.L.M. ... with glasses ... ; Reading ...

(10) In cases of colour blindness, the system of an aphorism system should be obtained.

(11) The vision (tested in presence of the Examiner) should be examined and the result recorded.

(12) The following additional points should be observed:—

(a) that the candidate's hearing is such as to be good and that there is no sign of disease of the ear;

(b) that his speech is without impediment;

No. 586.—Rule 5 (a) of the rules for the appointment and constitution of municipal committees, as framed in G.O. No. 34, L. & M., dated 21st January 1924, provides that the members of the appointed committee of a municipal council shall elect the chairman and be elected in January in each year and shall serve on the committee for a period of one year commencing from the 1st February following their election. Under section 5 (7) of the Madras District Municipalities Act, 1920, the term of office of the elected committee is three years beginning and expiring at noon on the first day of November. The Chairman, Municipal Council, Madurai, suggests that it would be convenient if the term of office of members of the appointed committee also be made to begin from 1st November so that will avoid the necessity for holding annual elections between 1st November and 1st February to fill vacancies on the appeal committee that may be created by one-third of the elected committee every year. The Government agree with the above suggestion and propose to amend rule 5 accordingly.

2. The amended notification will be published in the Port St. George Gazette.

Report of the Select Committee on the Madras City Tenants' Protection (Amendment) Bill, with the Bill as introduced by the Committee	Page

Report of the Select Committee presented to the Council of the Governor of Madras.

To

THE HON'BLE THE LEGISLATIVE COUNCIL
OF THE GOVERNOR OF MADRAS.

We, the undersigned members of the Select Committee appointed to consider the Madras City Tenants' Protection Act (Amendment) Bill (No. 3 of 1925), beg to submit the following report.

3. The Bill was published in the Fort St. George Gazette in English, Tamil, Telugu and Hindustani on the dates noted below :—

English—24th February 1925.
Tamil—31st March 1925.
Telugu—31st March 1925.
Hindustani—5th May 1925

3. We met on the 16th September 1925, 4th October 1925, 15th March 1926 and 16th March 1926. On the first of these dates we heard representations on behalf of the Landholders' Association in regard to the provisions of the Bill. Through the courtesy of the Chief Judge of the Small Causes Court, we have been furnished with a statement showing the basis adopted for fixing the market value in applications under section 9 of the Act made to that Court. We have also considered the views of the Madras Corporation on the provisions of the Bill.

4. The following are our decisions on the clauses of the Bill:—

Clause 4. (2), (3) and (4).—We accept these clauses of the Bill.

Clause 4.—We have decided that (i) a tenant should be permitted to apply for reduction only in cases in which there had been an enhancement, (ii) in such cases the rent shall not be reduced by more than two annas in the rupee and (iii) in cases in which rent has been enhanced or reduced by a Court, the rent on fixed shall be in force for five years.

Clause 5.—We do not consider that this clause is necessary as there will be practical difficulty in finding out how much of the increase in the market value was contributed by the actions of the Corporation and how much by those of the landlord or the tenant.

Clause 7.—The object of the provision is to prevent landlords from filing suits in ejectment taking advantage of temporary rises in market value due to such causes as the prevalence of land speculation, etc. We consider that the object can be secured by a provision that the value fixed should be the lowest obtaining within a period of seven years preceding the date of the order.

5. We consider that the time fixed in section 9 (1) of the Act within which the tenant should apply for an order directing the sale of land to him—namely, 10 days—is too short and should be extended to one month.

6. We attach a copy of the Bill as amended.

"T. We consider that the amendments suggested by us are material and that the Bill as amended should be republished,

MOTION OF DEFERRAL

Clause 6 of the Bill as amended,—

We are of opinion that instead of "seven years" the word "twelve years" should be substituted. The fluctuations in the value of land since the War have been abnormal. Prior to that there was some steadiness in the soil value. We understand that in similar statutes where provision is made for pre-emption, twelve years period has been prescribed.
